Testimonials <>

“ A lot of good info to absorb. The presentation was well organised and easy to understand. The info makes a lot of sense and so does the way that Conforming Property Australia finds out the real values of property. For me personally, it's definitely valuable to know for later on since I'm just starting out in property investment. ”

WE WILL FIND THE RIGHT PROPERTY FOR YOU

CPA is dedicated to delivering the most comprehensive service and to giving our clients the education to ensure they are confident in choosing the right property for their needs, be it for investment purposes or for personal. Our consultants will mentor and carefully explain all your options in simple, straightforward terms so you're armed with the knowledge you need to make the most effective choices.

The majority of Australians buy property at the wrong time, purely because easy lending criteria and financing pushes demand prices up beyond the 'real value' of the asset.

When choosing the right property, we look at:

- Providing property in growth locations
- Sourcing the best properties and only engaging in contracts with quality developers
- Pre-purchase due diligence, to ensure best property at the best time in the market
- Using CPA's unique Rental Reality valuation methodology
- Negotiating a fixed price contract
- Reviewing your current position
- Discussing the most suitable investment for you
- Providing a full turn key service
